PORTWEST · HEARING PROTECTION · DISPOSABLE EARPLUG

Portwest EP07 Detectable TPR Corded Ear Plugs (50 Pairs)

Product code: EP07BLU · Series: Hearing Protection

Detectable and reusable ear plugs in TPR (thermo plastic rubber) material. The detectable feature is manufactured with an advanced technique by adding metal shaving into the TPR material during the injection process, without the need to add the metal detectable ball. Recommended for use in food industry environments. Each pair comes inside a hygienic polybag with fitting instructions.

01 Can be used in food industries (metal detectable)

02 Corded for safe keeping

03 One pair per polybag for hygienic storage

04 Supplied in a handy portable dispenser box

05 Triple flange design and soft TPR material for comfortable fit

06 Reusable earplugs to support sustainability
