PORTWEST · HEARING PROTECTION · DISPOSABLE EARPLUG

Portwest EP10 Reusable TPR Ear Plugs (50 Pairs)

Product code: EP10ORR · Series: Hearing Protection

Protect your hearing with ultimate comfort and precision using our reusable ear plugs made of thermo-plastic rubber (TPR) material. These ear plugs adapt to the shape of your ear canal after a few minutes by reacting to the warmth, providing a comfortable, custom fit for most wearers. With an improved shape for increased comfort and better attenuation performance, our ear plugs boast an impressive noise attenuation of SNR 31dB. Plus, each pair comes inside an individual hygienic polybag with fitting instructions for ultimate convenience.

01 Triple flange design and soft TPR material for comfortable fit

02 Reusable earplugs to support sustainability

03 Each pair individually wrapped in reclosable zip bag for hygiene purposes

04 Supplied in a handy portable dispenser box

05 Easy to fit

06 Sold in packs of 50
