PORTWEST · HANDBESCHERMING · CHEMISCH

Portwest AP60 Chem 300 Nitrile Sandy Double Dipped Gauntlet

Productcode: AP60B8RL · Serie: Hand Protection

Werkhandschoen van Portwest, model AP60. Normen: EN 388, EN ISO 21420, EN ISO 374-1, EN ISO 374-5. Nitrile gauntlet with sandy palm dip for a secure grip and abrasion resistance. This glove is designed for use in wet and oil environments. Using a lightweight soft comfortable liner, it increases the wearability for prolonged periods of time.

01 Flexible sandy nitrile coating offers great grip in wet and dry conditions

02 Nylon has higher tensile strength than polyester, has natural stretch and super moisture absorption for keeping the hands cool and providing enhanced wearer comfort.

03 18 gauge liner provides excellent comfort, freedom of movement and superb tactile ability

04 Lightweight and comfortable

05 Chemical resistant gauntlet

06 1.3mm thickness
